Mehrad Jalali

has successfully completed the online, non-credit Professional Certificate

PyTorch for Deep Learning

Congratulations on completing the PyTorch for Deep Learning Professional Certificate! You've established a strong foundation in PyTorch, progressing from basic to advanced topics. This journey covered the fundamentals of PyTorch and neural networks to advanced architectures and model deployment techniques, using real-world AI systems to tackle computer vision and natural language processing challenges with TorchVision and Hugging Face models. We're thrilled that you chose to learn with us, and excited to see your career in AI grow.

Laurence Moroney
Instructor

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
